A wonderfully decorated and well renovated apartment located in the very center of Pula, in a pedestrian zone. This massive Austro-Hungarian building was once home to gentlemen and officers. It's located on the 2nd floor and has a living area of 92m2. It's made up of a majestic living room with a small balcony, a kitchen with a dining room, 3 bedrooms, a bathroom and a hallway. This apartment is carefully renovated: all water installations, electricity and drainage are new; the external joinery, the walls, the floors and the sanitary equipment are also all new. It's sold fully furnished with modern furniture. It has its own storage on the ground floor. The uniqueness of this apartment is its excellent location, very sought-after and appreciated, in a pedestrian zone and in the historical and cultural core, close to all amenities.
